

Would you like to be a mentor ?

If you are thinking of volunteering, LINKnet can give you an opportunity to become a volunteer mentor. This is a great opportunity for you to gain UK work experience or to give something back to the community.

LINKnet is looking to recruit volunteers to work as mentors to help minority ethnic mentees to access employment or further education, improve English language skills and gain knowledge of various aspects of life in Scotland.

Mentors are required to undertake a one day training and help a mentee for two to three hours per week (one day) for up to six months.

Mentoring can bring you personal satisfaction, improve your own professional skills and employability.

Are you looking for a job? LINKnet's mentoring service can help

Once you join LINKnet's mentoring service as a mentee, you will be assigned to an expert mentor who will assist you with your job hunting. You can also seek help to get into further/ higher education and to improve English language skills

If you are from any minority ethnic background you can benefit from our personally tailored support to achieve your desired goal free of charge.
